Dear Dr. Brandt:

I want to express my thanks to you for the continuing professional treatment we receive when my office sponsors programs at the Donaldson Brown Center, Port Deposit, Maryland. Mr. Henry Mason and his staff have been most accommodating in meeting our needs and providing all services in a courteous, competent manner.

When our officers are able to take time away from their work for training, it is extremely important that the facility and its staff contribute to an effective learning environment. We have always found this to be the case at the Donaldson Brown Center.

Please express my sincere appreciation to Mr. Mason and his staff.

Sincerely,

Director
of
Training and Education
